

# Variations of mechanical pressure switches

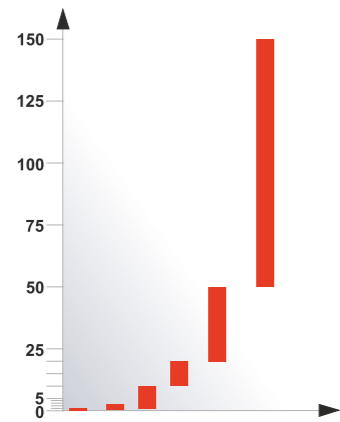

## Diaphragm or piston type versions

### Setpoints

- adjusted
- non adjusted
- rising
- falling

### Setpoint in different pressure ranges

### Electrical connection

### Diaphragm/Sealing material

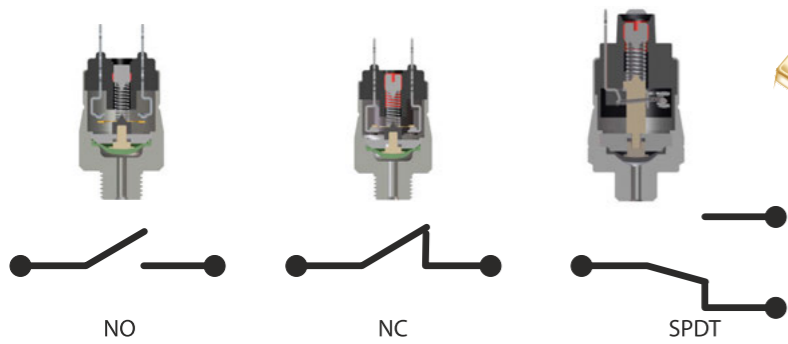

- NBR
- EPDM
- FKM
- HNBR
- Silicone

### Overpressure safety up to

- 35 bar
- 100 bar
- 300 bar
- 600 bar

### Switching principles

### Contact materials

### Intelligent electrical add-ons ("Plus"-Series)

Switch function	Resistor Namur	Varistor	PTC/NTC	LED	PPTC
contact					

### Embossing

- Customized embossing
- Breathing tube available

### Threads (Samples)
