

Manufacturer's Declaration

with regard to

REACH-Regulation (EC) No 1907/2006 of December 18th, 2006

(Addendum (EC) 2021/1297 of August 4th, 2021)

SVHC substances according REACH Art. 33 of June 25th, 2020

(Including the SVHC candidate list of July 11th, 2023)

As a manufacturer of articles, SUCO is a "downstream user" and "supplier of an article" in the sense of REACH, which results in various obligations to pass on information along the supply chain.

In our own interest and to ensure a high level of product safety and to comply with the information requirements on substances of very high concern (so-called "candidate list substances" or SVHC substances), we are permanently monitoring the implementation of REACH and the resulting requirements.

You purchase products from us. These products are classified as articles in the REACH regulation. Art. 33 Para. 1 REACH obliges the supplier of an article which contains a SVHC substance to meet the criteria of Art. 57 a-c. The supplier also identifies the SVHC substance according to Art. 59 Para. 1 in a concentration of more than 0.1 percent by mass (w/w) and provides the recipient of the article with the information available to him which is sufficient for a safe use of the article, but at least to indicate the name of the substance concerned.

SUCO hereby confirms that SUCO's products have been tested for chemicals listed in the Candidate List (SVHC substances) of the ECHA of 11.07.2023 > 0.1 % w/w by our qualified personnel in accordance with the provisions of the respective current REACH regulation. This declaration is made to the best of our knowledge and belief, based on the information we have received from our component suppliers and raw material suppliers.

SVHC – Substance	EC	CAS	Amount of SVHC in single part (% w/w)
For all products with steel housings in the housing and in built-in parts:			
Lead	231-100-4	7439-92-1	0,2 – 0,35 %
For all products with stainless steel housings in built-in parts:			
Lead	231-100-4	7439-92-1	0,2 - 0,35 %
For all products with brass housings in the housing and in built-in parts:			
Lead	231-100-4	7439-92-1	<= 4 %
For all products with aluminum housings in the housing and in built-in parts:			
Lead	231-100-4	7439-92-1	0,2 - 0,35 %
additional for diaphragm pressure switches with EPDM sealing (sealing no 2), in the diaphragm:			
Dimethylsulphate	201-058-1	77- 78-1	<= 0,45 %
Additional for all piston type pressure switches with NBR sealing (sealing no 1), in the sealing system and for all rubber protective cap 1-1-66-621-010 / 1-1-66-621-003 / 1-1-70-621-007:			
6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol	204-327-1	119-47-1	0,15 – 0,30 %

additional all products with RADOX®- cable in the cable:			
Dodecachlorododecahydro- dimethandibenzocycloocten	236-948-9	13560-89-9	<= 19,5 %

Furthermore, according to supplier information, our products do not contain radioactive material, are asbestos-free, non-carcinogenic (category 1a and 1b), mutagenic, (category 1a and 1b) or toxic to reproduction (category 1a and 1b) and do not contain ozone depleting substances (ODS).

According to Article 31 - of the REACH Regulation EC 1907/2006, we are not a producer of hazardous substances and therefore do not prepare Safety Data Sheets SDS or MSDS.

GHS / CLP-Regulation (EG) Nr. 1272/2008 of January 20th, 2009 (Addendum (EC) 2021/849 of March 3rd, 2021)

SUCO is not subject to the GHS / CLP regulation. (Attachment of labeling pictograms and packaging rules, and labeling of chemicals).

German Packaging Act (VerpackG2) of July 03rd, 2021 (Last revision July 1st, 2022)

Our products are supplied exclusively to companies and typically not to private end users. The limit filling size per package is < 22 kg. Thus, neither the folding box nor the inner bags are subject to system participation. Our transport packaging also does not fall under the system participation obligation according to § 7.5.2 of the Packaging Act. Our products are not listed at the central packaging register "LUCID". Should a commercial end customer wish to take back the packaging, we will take it back free of charge and dispose of the packaging via our disposal companies PreZero or REMONDIS within the framework of the Green Dot.

We are constantly monitoring the development of all policies and regulations mentioned here in this statement and will inform our customers if the above changes.

For further questions contact us by e-mail – pct@suco.de.

Kind regards
