

ROBERT SCHEUFFELE GMBH & CO. KG
BIETIGHEIM - BISSINGEN

RoHS II-Directive (ElektrostoffV) 2011/65/EU dated June 21st, 2011 **WEEE-Directive (ElektroG) 2012/19/EU dated August 13th, 2012**

Dear Sirs

From now on the RoHS-Directive and the WEEE-Directive are again separated in different directives.

On July 1st, 2011 RoHS II Directive 2011/65/EU was published in the Official Journal of the European Union (Official Journal) and came into force on January 2nd, 2013. The new directive concerning the use of specific hazardous substances in electrical and electronic equipment replaces the old WEEE-Directive 2002/96/EC.

This new directive will in future be filed in a separate **ElektroStoffV** (directive for restriction of use of specific hazardous substances in electrical and electronic equipment).

The new WEEE Directive 2012/19/EU concerning waste electrical and electronic equipment came into force on August 13th, 2012 and is now filed as a separate Directive in the ElektroG.

CE-marking and Declaration of Conformity

RoHS II-Directive (ElektroStoffV) 2011/65/EU dated June 21st, 2011

Last amended by Article 1 of the Directive of March 13th, 2017 - entered into force dated July 6st, 2017

WEEE-Directive (ElektroG) 2012/19/EU dated August 13th, 2012

We herewith declare and assure that all our products delivered to our customers

- pressure switches, vacuum switches, EX-pressure switches, electronic pressure switches
- accessories (various plug, socket devices, protective caps, dual nipple brass, and thread adapters)
- pressure transmitter, pressure transducers
- centrifugal clutches, electromagnetic clutches

which are subject to CE-marking are marked accordingly.

Furthermore our products conform with the requirements in Directive ROHS II – 2011/65/EU (ElektroStoffV) and the WEEE Directive 2012/19/EU (ElektroG).

Other legal requirements are complied with where appropriate.

Suco is a participant in IMDS (International Material Databases System) of the automotive industry.

Our suppliers register there and inform us of all the ingredients of the items you supply to us.

Here you can see immediately which ingredients correspond to the REACH or ROHS conformity, for which ingredients there are exemptions according to ROHS 2011 / 65EU.

You, too, can register there as an end customer and make corresponding inquiries to SUCO.

The documentation to fulfill the legal requirements following the European Directive 2011/65/EU has been established and will be provided, on request, to the relevant authorities. We have also committed our suppliers in regards to this Directive.

The verification under this directive is based on the standards specified in the Official Journal of the European Union. If the standards used are not specified in the directive we will disclose the test specification if required.

If you have any questions please feel free to contact our Hazardous Materials Officer, Gerhard Schilling.

Best regards
